

Conservation Areas of Namibia in 2006

Conservation Areas
of
Namibia
in
2015

Trough Joint Venture (JV) partnerships, the private sector provides vital contributions in expertise, training, financing, market linkages and ongoing involvement.

Joint-venture tourism is making the biggest contribution. Namibia has over 47 joint-ventures in place.

In 1995, there
were only **20** lions
in the entire Northwest.

Today, there
are **over 130.**

In 1982 the
black rhino
was almost
extinct.

Today, Kunene has
the **largest concentration**
of free-roaming
black rhinos in the world.

Mountain Zebras have increased from

less than
a thousand...

to

More than 14,000
