

**HEALTHY PARKS
HEALTHY PEOPLE
SOUTH AUSTRALIA
2016-2021**

**A partnership between the Department of Environment, Water and
Natural Resources and the Department for Health and Ageing**

World Parks Congress, Sydney 2014

- ‘It is my opinion that conservation and park management can save more lives, promote more health and deal with more ill health than the public health sector can achieve.’ Jonathan Patz, Global Health Institute at the University of Wisconsin
- ‘Australian children spend less time outdoors than maximum security prisoners.’ Richard Fuller, University of Queensland

Neil Mackenzie

I'm just a (fairly) normal person who likes to be outside and wants to know of opportunities to be active in parks and open spaces. Also interested in events and outdoor happenings. I live on the edge of a reserve so enjoy walking the dog and exploring paths and tracks.
