“I have no negative words about this tour. The scenery, particularly the dunes, are amazing. Graeme’s knowledge and observations from 20 years is fantastic. I could never access these locations because I don't have the 4WD experience so it was fun to go with someone I could trust - I figure if Graeme does this every day, he knows what he's doing. I highly recommend this tour to see a natural phenomenon that is quite astonishing.”

Janine, Margaret River WA, November 2020

“Loved the scenery of course but Graeme's knowledge and passion for the environment was tremendous. We had a wonderful experience and would strongly recommend the tour to other people.” Don, Western Australia, October 2020

“The half day Forest and Dunes tour was fabulous, beautiful drive and walk through the forest and the sight when you reach the top of the dune was incredible. Toni was really helpful with the booking and Graeme was a wonderful tour guide. His concern for the native wildlife and birds was inspiring. Highly recommend this tour.” Anne, Manjimup WA, October 2020

‘A friend and I took this half day tour using our WA Wonder our Yonder Voucher and I’m so glad we did. Small group. Graeme is a really personable and knowledgeable tour guide so it felt like just heading out with a mate.

The dunes were my favourite bit. Real off roading in WA and a breath taking coastline. Also loved seeing the Warren river meet the sea and the mix of the tannin colouring from the fresh water hitting the salty sea.

Lots of bird life and stunning scenery. Thanks Graeme!’ Katie, Kalgoorlie WA, October 2020
